

Plates and Table

The following plates contain 197 selected specimens whose labels were identified as those written by Siebold or Bürger. In the plates, "Registration No." indicates the registration number of the specimen given by G. van der Wegen, Rijksmuseum van Geologie en Mineralogie. "Another No." is another registration numbers of the specimen given by J. J. Hoffman or the unidentified persons.

The description of all the 830 specimens are shown in the table.
